S. S. Sierra.
San Francisco, Aug. 11.—It is reported that the new steamship Sierra, lately built at Cramps' ship yard and scheduled to sail for this port soon to take her place on the Australian route, will be detained some weeks at Philadelphia in order to have important improvements made. While in the East some weeks ago John D. Spreckels, it is said, inspected various new steamers and found that the Sierra was scarcely up to date in some respects, although it was no fault of the builders. He gave orders to have the Sierra fitted up like those he had examined. As a result, the steamer Mariposa will make another trip to Sydney.

Judge Estee partly heard the bark Empire admiralty case this morning and continued it till tomorrow morning. At 2 o'clock this afternoon he acted on applications for naturalization.
